Powerline 200Mbps Home Network Passthrough Adapter

With this Powerline 200Mbps Home Network Adapter you easily expand your existing powerline network. Simply plug the powerline adapter into an available power socket in your home and share your internet connection, music, movies, files etc. There is no need for complicated software installation. The only cable you need is from a powerline adapter in your power socket to your device (e.g. Notebook, PC, TV, set-top-box, IPTV, media player, Blu-ray player). The powerline adapter can easily be configured within minutes.
